marchak argues that liberalism and socialism have many commonalities such as the goals of equality and freedom for citizens corporatism however is opposed to equality and promotes an authoritarian hierarchy resembling the older conservative ideology to support her argument marchak provides a general overview of the study of ideologies analyzes liberalism and socialism in the context of canada and uses marxist theory to explain past and present class structure and the emergence of a corporatist social structure a valuable contribution to the debate about the society we live in ideological perspectives on canada attempts to look at ideologies from an objective standpoint while admitting that analysts can never fully remove themselves from the web of their own society which in the canadian case is steeped in liberalism socialism and corporatism

contains 24 essays arranged in two volumes includes seven country analyses of the trade union movement s development from the perspective of ideology discusses the historical legacy and actual significance of ideology for trade unions ideology and cultural identity and the role of ideology in trade union participation

this is the first collection to bring together leading scholars from diverse disciplines to offer a variety of perspectives on ideology and its analysis emphasizing the input of different intellectual and scholarly traditions to the meaning of ideology the articles explore commonalities in the use and understanding of ideology as well as delineating constructive differences in its

interpretation while illuminating the changes that the concept of ideology as well as the practices it signifies has undergone in recent years contributions are included from the fields of political theory history literature political science cultural studies post marxism discourse analysis language studies law and sociology the meaning of ideology advances our understanding of the intricacy and relevance of ideology and offers the latest theories and insights that currently inform scholarship on the subject ideology emerges through the pages of this collection more strongly than ever as a major tool of understanding political language and as a durable and normal phenomenon that is inherent in the many ways we conceive the world around us this book was previously published as a special issue of the journal of political ideologies and will be of interest to students of political ideologies and political and social theory

a thoroughly revised updated and newly illustrated version of the gaddis smith called the best book on the totality of the carter presidency the new edition includes more on the former president s foreign and environmental policies and expands coverage of the personal carter as well as his wife rosalyn s activist role during his administration

analyzes the problematic trends facing america s cities and older suburbs and challenges us to put america s urban crisis back on the national agenda

that shift davies argues was part of a broader transformation in political values that had devastating consequences for the democratic party in particular and for the cause of liberalism generally

from truman to clinton presidents have aggressively tried to expand their control over national government in the process they have vastly enlarged their white house staffs and politicized the federal bureaucracy with thousands of appointees in key administrative positions thomas weko argues that the presidential personnel office ppo charged with screening and recommending such appointees both exemplifies and helps explain the enormous growth of presidential power since world war ii originally conceived as a small advisory group within the white house office the ppo has grown enormously from a staff of two under truman to as many as sixty under other presidents and now oversees nearly four thousand appointments per administration weko charts the ppo s evolution and influence and shows how central it is to our understanding of modern presidential leadership weko s starting point is terry moe s rational choice theory that it is the institution of the presidency not the sitting president that fosters centralization and politicization within the executive branch amplifying and extending moe s theory weko persuasively links the ppo s explosive growth to the weakening of political parties the post eisenhower disintegration of policy networks the growing impact of television news and the public s increasing readiness to hold the president accountable for policy failures the ppo s growth clearly has increased presidential control and bureaucratic responsiveness but weko argues those results have had unanticipated and unwanted consequences that among other things have undermined the integrity and capabilities of administrative agencies any improvement in the leadership of the executive branch he contends can only emerge from changes in the current institutional arrangement of the presidency itself based on exhaustive research in white house files oral histories and memoirs and personal interviews with over 100 white house aides weko s study provides a provocative new look at the white house office and the modern presidency

waligorski shows why there is such resilience and viability to this brand of liberalism the chapter on keynes is as good a short piece on the economist as can be found anywhere kenneth m dolbeare author of american political thought a coherent and insightful book by a sagacious thinker charles e lindblom author of politics and markets

harry truman s administration began searching for an american response to the clash in indochina between french colonialism and vietminh communism in 1945 thirty years and five

administrations later gerald ford and his aides tried unsuccessfully to solicit additional aid for south vietnam from a reluctant congress for truman ford and every american leader in between the dilemma in vietnam hung ominously over the presidency in shadow on the white house seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other focusing on the personalities politics priorities and actions of the presidents as they confronted vietnam the authors consider the expansion of presidential power in foreign policy formulation since world war ii in their analyses they chronicle the history of executive leadership as it related to vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation s frustrating tragic and humiliating failure in southeast asia although other histories have been written about the vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue it is organized by presidential administrations giving a detailed examination of each president s decisions and policies based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war amazon com

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

eight prominent scholars consider whether louis hartz s interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of america as a liberal society is still a rewarding undertaking

a concise survey and analysis of presidential attempts over the last thirty years by democrats and republicans alike to dismantle the regulatory state that first appeared under fdr argues that the war against regulation failed and that its excesses remind us of the value and proper role of regulation in american government

pomper examines both empirically and normatively models of party as bureaucratic organization governing caucus cause advocate ideological community social movement urban machine rational office seeking team and personal faction he evaluates the contributions of u s political parties to democratic values and presents a program to strengthen the parties as institutions of

american democracy

the perspectives on ideology text has been developed to fit the alberta program rationale philosophy and vision and the learning outcomes of the program of studies for the 30 1 course the text takes an issue focused approach to the teaching of social sciences that incorporates multipleperspectives current affairs and controversial topics french version available in august 2009 please contact cheneliere education for details at cheneliere cadiv align left a href oupcanada com school 30 1 sample chapters html img src oupcanada com images btn sample pages jpg alt sample pages a div

revisits the largely forgotten story of how the mcgovern campaign represented the zenith of sixties style liberalism and how its historic defeat still haunts democrats to this day and in the process identifies what democrats must do before they can reassume their role as agents of progressive change
